

## WebSensor - remote CO<sub>2</sub> concentration with Ethernet interface, duct mount

code: T5545

Duct mount CO<sub>2</sub> concentration t-line WebSensor.

Web Sensor with built-in concentration CO<sub>2</sub> sensor for duct mount.

A multiple point CO<sub>2</sub> and temperature adjustment procedure leads to excellent CO<sub>2</sub> measurement accuracy over the entire temperature working range; this is a must for process control and outdoor applications. The dual wavelength NDIR CO<sub>2</sub> sensing procedure compensates automatically for ageing effects. The CO<sub>2</sub> module is highly resistant to pollution and offers maintenance free operation and outstanding long term stability.

The CO<sub>2</sub> concentration is shown on the display or signaled by a color LED.
